

ALEPH BET : HEBREW SCHOOL

School Wide Competitions

You can win
a bike or
a MP3 player

Every child who has perfect attendance and attends two holiday programs, will win a bike or mp3 player at the end of the year.

So be sure not to miss a day of Hebrew School.

Tzedokah
Charity Box)
Competition

Every child received a Tzedokah (charity) box. This is to encourage your child to do the Mitzvah of charity daily.

Every child that brings the Tzedokah (charity) box back full, will go in to a raffle, to win an ipod.

Alpeh Bet Communicates

Aleph Class : Morah Rechama

The Aleph class is progressing very nicely with the Aleph Bet. We have learnt the names and sounds of the letter - Aleph, Bet, Vet, Gimmel, Daled and Hey. We have learnt these letters through many songs and activities. The children especially liked to write the letters in sugar!

They have also proudly practiced writing their name in Hebrew, which we hung on our bulletin board. Please ask your child to show you how to write his/her name.

Today we finished the last two pages of our creation booklet, which we glued into our notebooks. We can't wait until next week when we will begin the story of Noah.

Bet Class: Morah Mushka

This week Class Bet learnt about

Moshe's sojourn in Midyan, and how Moshe met Hashem at the burning bush. We learnt that Moshe was chosen by Hashem, to lead the Jewish nation out of Egypt. We continued on learning our Aleph Bet, and now know the letters Aleph through Vav.

Our davening is improving every class, and everyone brings in tzedakah/charity!!

Gimmel Class: Mrs. Singer

We are getting to know our Jewish forefathers and foremothers, better and better. This week we continued with the story of Moshe, and the Jewish nation as the plagues begin - blood in the Nile river and frogs everywhere! How did Moshe do it? All with the help of Hashem, G-d.

We're also becoming experts with our Aleph Bet letters from Aleph through Chet. We can read them, and tell each other the sounds these letters make.

"This week each student gave a Jewish birth date to their baby girl and boy. We learnt about the differences between the Jewish (lunar) calendar and the regular (solar) calendar. We discussed why the Jewish calendar goes according to the cycles of the moon, and the important lessons we can learn from it."

Daled Class: Morah Chevie

This week, in our class, we became the owners of our very own kosher restaurants. Together, as groups, we decorated our menus, and then presented them to the class. We are also

busy filling up our scrapbooks! Everyone really enjoyed learning about the kitchen and now we are off to the Dining Room and the mitzvah of Shabbat!

Hey Class: Morah Mushkie

Wow! Class Hey really had great time today! We are getting better, and better at the Hebrew Aleph Bet.

We also finished the second room - the kitchen - in our Jewish home scrapbooks. We played a really great game about kosher. We are all now pros at identifying kosher symbols on our food, kosher animals and fish. One of us won a prize for bringing in the most kosher symbols, cut out from boxes and packages of food found in their home!

Vav and Zayin Class: Morah Dassie and Morah Chaya

This week we began the unit, Jewish Birthday, reflecting on the arrival of the soul into the body.

What is a Jewish Birthday? We discussed the Jewish way of celebrating this special day, and looked up in a Jewish calendar the Hebrew date on which we were born.

Ches Class: Morah Rosie

What a nice day we had! After davening, we learnt all about the very first Jew, Avraham. He was the first to discover Hashem at the age of three. His favorite Mitzvah was hospitality, welcoming guests to his home and giving them to eat. Afterwards he would teach them about Hashem. We ended the day with our group projects, each group creating Avraham's famous four door tent. See you next week!

Tet Class: Rabbi Prus

This week each student gave a Jewish birth date to their baby girl and boy. We learnt about the differences between the Jewish (lunar) calendar and the regular (solar) calendar. We discussed why the Jewish calendar goes according to the cycles of the moon, and the important lessons we can learn from it.
