## Our Philosophy

We believe that a day camp should do a lot more than just provide fun & games... a day camp should be a place where children learn the importance of caring, sharing, tolerance, patience and working with others. A Jewish day camp should be a place where this can be experienced with the richness, excitement and warmth of Judaism.

And finally, a day camp should be a truly enjoyable and unforgettable experience... and that's what Camp Gan Izzy is all about!
